- Product: Hardware and Software, software procured via perpetual license.

This matrix is a quick reference guide to all the available PSCs.

Technology Resources	IT Service (Labor) PSCs	Capability as a Service PSCs	Products (HW/SW) PSCs
Application	DA01	DA10	7A20 (Development)
Application	DA01	DA10	7A21 (Business)
Compute	DB01 (HPC)	DB10	7B20 (HPC)
Compute	DB02 (Non-HPC)	DB10	7B21 (Mainframe)
Compute	DB02 (Non-HPC)	DB10	7B22 (Standard)
Data Center	DC01	DC10	7C20 (Tiered)
Data Center	DC01	DC10	7C21 (Non-Tiered)
Delivery	DD01	-	7D20
End User	DE01 (Client)	DE10 (Client)	7E20 (Client)
End User	DE02 (Mobile)	DE11 (Mobile)	7E21 (Client)
IT Management	DF01	DF10	7F20
Network	DG01	DG10 (Standard)	7G20 (Analog)
Network	DG01	DG11 (Access)	-
Network	DG01	DG10 (Standard)	7G21 (Digital)
Network	DG01	DG10 (Standard)	7G22 (Satellite)
Platform	DH01	DH10	7H20
Security & Compliance	DJ01	DJ10	7J20
Storage	DK01	DK10	7K20

2

First identify the technology resource category and then reference the appropriate code by type of purchase

- Service
- Capability
- Product.

For more information on selecting PSCs refer to the [Official Manual](#) or use the Defense Pricing and Contracting (DPC) office [PSC lookup tool](#).
