## A GUIDE TO IDENTIFYING FEDRAMP CERTIFIED CLOUD-BASED SERVICES

1

Visit the Fedramp Marketplace
Fedramp Marketplace is a listing of secure cloud services across the federal government that have passed the Fedramp security and risk assessment

To identify products, search the marketplace by keywords or filter by:
- **Products**
- **Providers**
- **Service Model**
- **Deployment Model**

2

3

Select a service to learn about its Fedramp status, dependent products, agencies using the service, and other important details

After identifying Fedramp certified cloud-based services, search for contracts using Category Management Acquisition Analytics
