## FEE

CONTRACT	FAR TYPE	FEE
EIS	Multiple Award IDIQ	4.75%

## EQUITY

### Vendors include:

Large Businesses

Small Businesses

## OBJECTIVES

-  Simplifies buying of IT & communications services and products
-  Enables procurement through integrated solution
-  Promotes small business utilization
-  Provides cost savings through bulk buying and price/spend transparency
-  Offers flexible, agile suite of services
-  Supports wide range of government purchasing patterns

## CYBER-SUPPLY CHAIN RISK MANAGEMENT

- Includes **FAR 52.204-25** Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment
- Offers **Broadband Internet Service (BIS)**, a lower cost network transport option for connecting users to agency networks and cloud services. BIS supports the Software Defined Wide Area Network (SD-WAN) service and contributes to zero trust solutions (supports EO 14028-Cybersecurity).
